M&A Gaps

“Every certification is a key to a locked market. I help teams see the compliance work they are already doing.”

CAREER HISTORY

Rubrik, Inc. (NYSE: RBRK)

Jan 2023 – Apr 2026

Head of Security, Compliance & Governance + Customer Trust

- Designed **Coordinated Audit Program** compressing 9-12 month framework cycles to 3 months across 13 active standards simultaneously; reduced evidence requests from 1,000+ to under 400 per cycle, saving 3,000+ engineering hours annually.
- Grew certification portfolio from **3 to 13** globally recognized standards in 36 months: FINRA for broker-dealer, BSI C5 for Germany, IRAP for Australia, TISAX for automotive OEM, FedRAMP for \$100B+ US federal market.
- Led compliance through **NYSE IPO (RBRK, April 2024)**; S-1 compliance cited, zero audit lapses during \$600M to \$1.2B revenue growth period.
- Integrated three M&A; entities with **zero certification gaps**; reduced integration time from ~9 months to 6 weeks per entity.
- Supported **FedRAMP Moderate** authorization (FY2025), opening \$100B+ US federal market and GSA Schedule eligibility.
- Owned **Customer Trust**: security reviews, trust portal, whitepapers, executive briefings deployed in enterprise deal cycles.

People.ai (\$1.1B Unicorn)

Aug 2021 – Jan 2023

Senior Manager, Governance & Compliance

- Built **zero-to-one compliance program** in 8 months: 6 certifications from scratch, no prior GRC tooling, policies, auditor relationships, or evidence taxonomy.
- First full deployment of **Coordinated Compliance**; program survived subsequent M&A; due diligence scrutiny intact.

Elastic (NYSE: ESTC)

Oct 2018 – Aug 2021

Principal Security Risk & Compliance

- Led compliance through Elastic's public-company growth phase; first ISO certifications cited in **FY2019 10-K**, enabling \$271.7M revenue recognition.
- Assisted in building Elastic's **first FedRAMP program**, establishing foundational US federal market presence.
- Established **Customer Trust** function (security reviews, trust portal, whitepapers, executive briefings) — carried forward continuously since.

Earlier — Regulated Industry Foundation

2011 – 2018

Aetna/CVS Health · Evariant · Saint Mary's/Trinity · Huntington Bank/OSU

- Seven years in healthcare, higher education, and financial services; built HIPAA at scale, directed **\$3M DLP program**, remediated **100,000+ incidents**.
- First CISO-equivalent role; IT Department Chair with highest student attendance rate of any instructor nationwide.

COORDINATED COMPLIANCE METHODOLOGY

Proprietary methodology: evidence collected once, routed simultaneously to every framework requiring it. Multiple standards mapped to one internal control structure aligned to existing processes. Result: 9-12 month cycles to 3 months, 95% engineering burden reduction, evidence requests from 1,000+ to under 400 per cycle.

PROFILE SUMMARY

13 years building compliance programs that outlast the person who built them. Three zero-to-one programs (Elastic, People.ai, Rubrik). NYSE IPO. \$1B+ market access. 22 active global standards.

CORE COMPETENCIES

- Coordinated Compliance Design
- Zero-to-One Program Architecture
- Global Market Access (8+ markets)
- Enterprise Sales Enablement
- M&A; Compliance Integration
- Customer Trust Ownership
- Forensic Evidence Architecture
- Team Development & Culture
- AI-Accelerated Program Delivery
- BCDR Under Operational Pressure
